

The Pet of the Month is...

Franny

Franny is a 6 month old Yorkshire Terrier that lives with Carey Dobush. Franny is a cuddler and loves to sleep on people or on the back of the couch. Her favorite toys are a stuffed hedgehog, which she knows by name, and a sock monkey. When it comes to treats Franny is not picky at all and will eat anything. She loves playing fetch but is not a fan of car rides.

When Franny is looking for attention she will bat at Carey with her paws then lay with her head on Carey's chest while she is being petted. If Carey stops petting her Franny will start batting at her again. Franny can be sassy, spunky and even talks back when she is in trouble.
