

# *The pet of the month is...*

---

## **Norman**

Norman is a 6 month old neutered male black Golden Retriever Poodle mix owned by Joe, Patty and Brianna Hicks. Norman eats Science Diet Lamb and Rice food. His favorite treats are Beggin' Strips, deer antlers and rawhides. He also likes Cheeto's but he has to get them off of the table first. He likes to sleep on his dog bed, on top of the couch so that he can see out the window, or in front of the sliding patio door. However Norman's favorite place to sleep is under the sink in the bathroom.

Norman likes to play with tennis balls, squeaky toys and socks; but his favorite toy is LeRoy, a stuffless lion toy. He enjoys playing tug-o-war with his two dog uncles, Fritz and Duncan, whom he loves very much and are inseparable. They love being together. Norman loves to be outside going for walks as well as playing tag and fetch. When Norman saw snow for the first time he started barking at flakes as they fell past him.

We have enjoyed seeing Norman and his family and are looking forward to seeing them for many more years to come.
