

The Pet of the Month is...

Brewer

Brewer is a 7 month old mixed Irish Setter that lives with Anthony and Michelle Gartman. She can often be found sleeping on the couch in front of the fire and loves eating Milk Bone treats, peanut butter and scrambled eggs. Her favorite toy is her deer antler toy, or which ever one she is playing with at that time. She is very willing to go for car rides, being held and playing with the cat, Buddy. Brewer and Buddy play constantly and at times Anthony and Michelle wonder if Brewer thinks she is a cat.

While Brewer is a wiggle worm she is also very cuddly and sweet. She is definatly an indoor dog and was scared to go outside when it was windy. When she was outside in the wind all of her hair was blown up and out. The doctors and staff look forward to seeing Brewer and her family for many more years to come.
