

Diamond

Diamond is a 1 ½ year old yellow Labrador Retriever that lives with Fran O'Brien. Diamond has an interesting black spot on her shoulder and she is the only one in her litter of 13 siblings that has that particular marking. She enjoys sleeping on mom and dad's bed. When she sleeps on the bed it is on the pillow. She loves to play with ropes and squeaky toys. She will eat any type of treat and really enjoys it when she gets an occasional steak bone as well as when she gets fresh carrots and potatoes. Fran has a pond that Diamond likes to swim in. She will go down to the pond, take a swim and then come back when finished.

Diamond also lives with her brother, Dozer, who is from the same litter as her. Both her and Dozer like to cuddle. Diamond and Dozer are inseparable. It is very rare that they are not in physical contact with each other. They always have to be touching. Diamond also has a feline family member named JB or Juicebox. They get along well and JB blends right in with the dogs.

Fran notes that Diamond is a very funny girl and the doctors and staff at Cedar Grove Veterinary Services look forward to seeing her and the rest of her family for many years to come.
