
The pet of the month is...

Emma

Emma, a 6 month old brindle mixed terrier owned by Jim and Kathy Reese, is the pet of the month for September. Emma's "big sister" Miley is Emma's best friend and when Emma is not by her people she is with Miley. Emma loves to sleep on the people couch, on the bed with her owners and wherever Miley is sleeping. She is defiantly not a picky eater, she eats pretty much anything and she loves to eat her food very fast. When she is sleeping on the bed she adores burring herself under the covers.

Emma loves to run, play with any type of ball including a football and chewing on Nylabones. She will do anything that Miley does and she adores playing tug-o-war with both Miley and her other family members. Emma's family believes that she is more and more Plott Hound every day because of how she acts and barks.

The doctors and staff at Cedar Grove Veterinary Services are looking forward to seeing Emma, Miley and the rest of the family for many years to come.
