

The Pet of the Month is...

Ole

Ole is an 8 month old Golden Retriever that lives with Suzanne Faase. Ole is a Scandanavian name. Ole can normally be found sleeping on either his dog bed in the livingroom or beside Suzanne's bed. His favorite toys are tennis balls, his frisbee and chewtoys. Ole loves going to doggy day care at Dawgs in Motion, going for walks and swimming in the pond on Suzanne's hobby farm.

Ole likes to eat peanut butter, frozen carrots and bananas, chewing on rawhides and ice cubes. While there are no other pets on the hobby farm with Ole he does get to see the dogs in his extended family. Suzanne's son also got a puppy from the same litter as Ole so he gets to see his sibling a lot. One of the older dogs in the extended family was visiting Ole and jumped in the pond to go swimming; Ole jumped in after him and learned how to swim from the older dog. The doctors and staff at Cedar Grove Veterinary Service look forward to seeing Ole for many years to come.
