

Perseus

Perseus is a 1 ½ year old brown tabby Domestic Shorthair that lives with Sandra Arndt and her son, Andrew. Perseus can often be found sleeping on his cat tower in the sun, on fuzzy blankets, in between Sandra's legs or on beds when no one is in them. He likes to play with a laser light, toy balls, boxes and even the dog. Perseus has even ridden on the dog's back. Perseus will come running for anything that is tuna, chicken or venison flavored.

Perseus loves to run around like crazy and play. He also likes to go outside and watch the toads around the planters in front of the garage. He will play hide and seek with Andrew and peek-a-boo. He will also hide under the shower curtain and jump out when someone enters the bathroom. Perseus is very entertaining and acrobatic especially when he is chasing his tail. Perseus shares the house with a dog and chinchilla. They all get along great and play together.

Perseus thinks that he is the boss and that he rules the roost, even the dog who is bigger and been there longer defers to him. The doctors and staff at Cedar Grove Veterinary Services look forward to seeing Perseus and the rest of his family for years to come.
