

Roma

Roma is an eight year old German Shepherd mix that lives with Peter and Debbie Krier. Roma was adopted by Peter and Debbie in 2009. Roma enjoys sleeping next to Peter and Debbie's bed or under the deck in the summer where it is nice and cool. She also likes to sleep in her dog house. Roma is not very interested in toys or treats. Roma shares her house with a cat named Kiki and they get along well. Kiki likes to jump out at Roma from around corners, but Roma isn't even fazed by it.

Roma likes to go for rides and run and play with her friend Junior, a black lab. Roma spends about ½ of her week indoors and the other ½ outside. Roma is not a fan of water, even to have baths. However, Roma will roll on the floor after Debbie sprays perfume because she likes the smell of it. Roma is very protective of Peter and Debbie. She even found a skunk in the field while she was walking with Peter and alerted him of it. Luckily neither of them were sprayed.

Roma once took a ½ finished pizza off of the table overnight and ate the rest of it. Peter found it the next morning when he woke up. She also got loose once and Peter saw her chasing deer across the road. She then came back by Peter. The doctors and staff look forward to seeing Roma and the rest of her family for years to come.
