

Skittles

Skittles is a 1 ½ year old mixed Golden Retriever that lives with Brian and Nicole Williams along with their three children. Skittles was born on Halloween and Nancy was trying to come up with a Halloween themed name. Her son really liked Skittles at that time and she thought that was a good fit for her. Skittles can be found sleeping anywhere, but really loves sleeping on the couch but also sleeps in her kennel at night. Skittles will go anywhere Brian is and will be found sleeping wherever he is. Skittles enjoys playing with a rubber pig toy from Walmart and what used to be a stuffed duck. She took that from her “big sister” Doodles which is Brian’s parents dog. The stuffed duck no longer resembles a duck and is not stuffed.

Skittles doesn’t get much for treats but does get to lick off the plates after dinner. She will also get the occasional raw bone that she will try to burry around the house, in places like the couch cushions. Later Nancy will end up sitting on them. Skittle likes to play with and chase the kids, especially when they are playing with their remote control cars. She also loves to chase birds and the chicken that the Williams have. She also get to go and visit her “big sister” Doodles frequently. The doctors and staff at Cedar Grove Veterinary Service look forward to seeing Skittles and her family for many years to come.
